Soon or later...

- Each community/federation/SP/IdP has been or will be affected by a security incident
- Part of normal operations, just need to ensure
  - It is "cheap" to deal with
  - The overall infrastructure is not affected
- It is essential to prepare for this event to reduce its:
  - Impact (appropriate & timely response, etc.)
  - Likelihood (prevention, etc.)
- Share information
- Report incidents
- We are as strong as our weaker link!
