Policy on entities that are natural persons

Abstract

This Certificate Policy stipulates that the certified entity is a natural person.

Table of Contents

1 Introduction

1.1 Overview

This Certificate Policy stipulates that the certified entity is a natural person.

This is a one-statement certificate policy. The numbering follows RFC 3647, but sections that do not contain any stipulation are omitted.

1.2 Document name and identification

Document Name: Policy on entities that are natural persons

Document Identifier: { igtf (1.2.840.113612.5) policies (2) one-statement-certificate-policies (3) entity-definition (3) natural-person (3) version-1 (1) }

1.5 Policy Administration

1.5.1 Organisation administering the document

This Policy is administered by the European Policy Management Authority for Grid Authentication in e-Science (hereafter called EUGridPMA) for the International Grid Trust Federation (IGTF).

1.5.2 Contact Person

The Chair of the EUGridPMA is the point of contact for all communications. The chair can be contacted by email at chair@eugridpma.org.

1.5.3 Person determining CPS suitability for the policy

The IGTF determines if a CPS complies with this policy.

1.5.4 CPS approval procedures

When approving CPS suitability for this policy the IGTF follows procedures defined in its accreditation procedures documents.

3 Identification and Authentication

3.1 Naming

Common Name attributes in the subject Distinguished name SHOULD NOT have the format of a sub-domain name as used in the Internet domain name system, and SHOULD NOT start with the literal string "Robot" followed by a colon (":") or slash ('/').

3.2 Initial Identity Validation

3.2.3 Authentication of individual entity

The initial identity validation policy and procedures described in a compliant CP and CPS must ensure that the entity certified and holding the certified key material is a natural person.
