MARGI } - only for Country name (not Initiative) use FYP07
 } - same for official EU Grid PMA communications.

Emir happy → Creation 9.6 missing! also MPEN/SEE

Christos: quite solid. Got: - missing OI's.

Pilan: CRL? Aleksandar: no more than 1 day. from request receipt.
Better text.

Common software: perl + OpenSSL. (like Serbia), "CSP" and old HellenicGrid CA previously.

DoE

{ * NO RFC 364) rewrite.
{ * re-assess every 5 years → to be looked in to by Pickett.

Doug: → 'no value of resources to outsiders'??!

Dave K. → 'SHOULD' and at the time it was OK.

Tue

3.2.4 (PS1) MUST → SHOULD (for UK) ISO 3106

(IACT)

editor

~~...~~ "SHOULD" comply with the Grid Certificate... ??

Comply with
the procedure and
information
provided by...

(SLCS) largely ok.

(JH) → session: support UREN's to add leverage the KREN and improve their stability.
main issue in this region: NOT supported by govt.
UREN's

- For Med region: Jordan most interesting.
- 4 existing CA's: on 'sponsors' (ma, ua, am, ilcc).
- national legislation issues. ← study.
us catch-all CA's for common policy.
- Belarus part of Baltic Grid II.

Timeline:

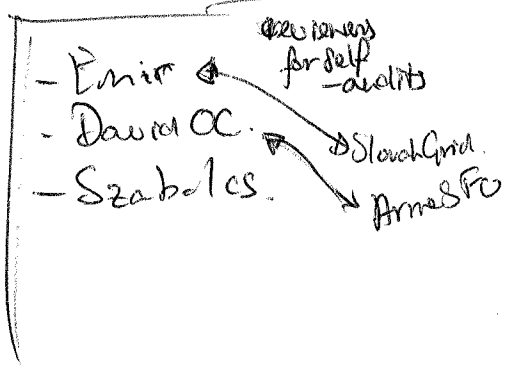

- CLG almost ready.
- 1st April for the ANN. (w/s in autumn 2008).
→ 1 PC member from our community
- 1st Nov. NIG deadline.
- Spring '09 impl. start.

Speakers for all 3 elements.
(Kyiv or Am).

AP F2F: @ April '08 in Taipei (ISGC 2008 co-located).
next: @ CGF24

CyGrid: Mike, Christos, Jens & review/support.

Audit Process?

KREN credit?
stops issuing @ 1/2008
withdrawn by @ 2/2009.

Authz NG

Dave's introduction —

- Nilly → how to ascertain validity of an IIA service
- VO's itself are dynamic
- but give them guidance (and certificates...)

no chance in Charter yet → discuss during dev! → Start doing the work.

- factorize?

Yoshio → in NG! + 1 from ASG/CC or KEK.
+ Emir

LatGridCA

Jens & Harohi review.

Dusan f → new website.

CAOPS.

RPANCP doc → list, as there have been no comments.
(but has new structure on GridForge)

IQTF
OGF
session } Robot → naming format. } Jens.
Priv Key prot

- HST vendors (≤ 4). ← Vinod
- 'alien' or foreign proxies. (sewer cert signing proxies for other hosts) ← Jens.
- HLCA.
- renewals?

↳ will mail.

CP/CPS template. → mailing list. by Jens.

IR-GRID

+Shanin R (also remote.)

Arfaei == director of computing.

RFC → 3687 ipr 2527.

- (OID) ← ICFF (IANA branch).

- emailAddress in CIA Subject name.

CP/CPS ready.

CERN support

- repo.

- extent.

Rev

Asli.

Arden.

Shanin Grid

Emir: op review.

Yan B (IUC):

DQ: many B → D.

- audit every 6 mo?! → new audit on new manager. (Mike H).

- patching? all sw since 2003?! Yes.

Mike: audit process misses some key organisational issues like in SP000-53.

Goshio: scoring system: "D" means a "MUST" is violated.

B & C are less clear ("SHOULD") or less.

CPH next

TR-Grid

Vicoblink like BrGrid → ok.
(descr. in CP/CPS)

ArmeSFO.

David OC.

Profile.

- generic AP oid (no version).
- make a doc with just the top-level oid.
"I'm the classic AP" (placeholder).
- oid of CP/CPS should be 1st one. (in SEQUENCE).
